Note: See appendix A for an explanation of terms used.

Standard Notes: - Represents zero. (D) Withheld to avoid disclosing figures for individual companies. (NA) Not available. (X) Not applicable. n.e.c. Not elsewhere classified.

[1] For crushed and broken stone, sand and gravel, clay, and gypsum mining operations in manufacturing establishments, the number of production, development, and exploration workers was estimated from reported figures for man-hours. No data were obtained on other employees at such operations, hence, the same figures are included for production, development, and exploration workers and for all employees at such operations. For value of shipments and receipts, includes the estimated value of minerals produced and used in the same establishment.

[2] For crushed and broken stone, sand and gravel, clay, and gypsum mining operations in manufacturing establishments, excludes the cost of purchased machinery installed.

[3] Excludes figures for crushed and broken stone, sand and gravel, clay, and gypsum mining operations in manufacturing establishments.

[4] Excludes figures for Alaska.

[5] Excludes figures for one establishment in Alaska and one establishment in manufactures in Hawaii.

[6] Excludes figures for Hawaii.

[7] Figures for the industrial sand, n.e.c. subindustry are included with those for the construction sand and gravel subindustry.

[8] Excludes figures for two magnesite or brucite establishments with employment in the range 100-249.
